

Community Information Day

Proposed EfW Facility, Old Kiln Quarry, Chieveley

What next ?

Chieveley Energy from Waste

We thank you for taking the time to visit our Community Information Day and for discussing issues with our consultant team. Please feel free to sit at one of the tables here and review the visualisations which show what the facility would look like from a variety of local viewpoints.

As you are aware the application will shortly be submitted so we will not be asking you to formally comment on the proposals directly to us. However should you wish to review the information again please visit www.grundon.com where you will be able to download the information displayed here today.

In addition should you have any further questions or suggestions for possible beneficiaries of the Community Trust Fund please do not hesitate to contact us through the feedback form on our website or call our team on **Freephone 0800 169 8766** and we will be happy to help.

Once registered, the Council will take time to consider our application before taking it to the Planning Committee for determination next year.
