

WASTE NOT, WANT NOT??????????????

CONCERNED???????

Come and have your say before it is too late about the Grundon Waste Incinerator Plans for Old Kiln Quarry in a designated Area of Outstanding Natural Beauty at Curridge and Chieveley. This is a proposal that will also impact adjacent villages and towns as well.

Join local residents and find out the facts and see what you can do to help. Don't wait assuming it will never happen, take action now to ensure it doesn't EVER happen!

YOU ARE INVITED TO AN OPEN MEETING

AT CURRIDGE WI HALL ON WEDNESDAY, 26 JANUARY 2011 AT 8PM

FACTS:

West Berkshire has no requirement for this waste resource.

West Berkshire waste is taken via a contract with Veolia.

A huge incineration plant.

They propose 2 x 85m high stacks and 3 x 47m high oval buildings and other waste and handling facilities.

Grundons have already failed us.

Grundons have breached planning by not converting back to agriculture the first quarry site.

Grundons also started quarrying a third area without planning permission and had to gain retrospective planning.

In addition they wish to extend their quarrying activities immediately to an additional 38 hectares.

WE HOPE TO SEE YOU ON 26 JANUARY!

To register your interest and be kept informed of future developments email chieveley.pc@btinternet.com and mail@curridgevillage.co.uk
